

Cover Crop Workshop & Field Day

Twilight Field Walk at Jim Biddle's Farm
Williamsburg, PA
Thursday, June 18
6:00PM-8:30PM

Observe first hand some of the equipment and practices needed to inter-seed cover crops on your farm.

Workshop at Williamsburg Community
Farm Show Building
Friday, June 19
9:00AM-3:00PM

Morning Session will include:

Manure Management Regulations

Triticale-use as a cover crop and harvested as a high value silage for dairy cows.

Cover crop cocktail mixes for multi-purpose benefits; including pest management, nutrient management & supplemental forage.

After Lunch we will travel Jim Biddle's Farm: During this field walk we will discuss choosing cover crops based on farming goals, how to grow or capture nutrients, improving soil quality, how cover crops can help control weeds, and how cover crops can help with manure management compliance.

FREE-TWO DAY EVENT

COVER CROP
WORKSHOP
& FIELD DAY

JUNE 18TH & 19TH

*Featuring Representatives
from TA Seed and
King's AgriSeed.*

How to best fit cover crops
into your current rotation &
how to take advantage of
their many benefits.

Financial support for this project is provided by the Pennsylvania Department of Environmental Protection through the Chesapeake Bay Implementation Grant, the Chesapeake Bay Regulatory and Accountability Program (CBRAP), and the Clean Water Fund.
